(Kyoto, Japan, August 28, 2023) – Art Collaboration Kyoto (ACK) announces further details for its 2023 edition, including the curatorial vision and artwork highlights for its **Public Program** in the main venue; dynamic conversation topics and leading panel participants for **ACK Talks**; special projects and exhibitions extending beyond the Kyoto International Conference Center (ICC Kyoto) and across the city of Kyoto in the fair's **Associated Programs**; enriching, participatory events hosted through **ACK Kids' Programs**, tethered to ACK's mission of cultivating the future of the art world within Japan and beyond; and **Special Programs** hosted in collaboration with partner companies, providing new perspectives on art. Art Collaboration Kyoto will take place from October 28–30, 2023, with a VIP preview day on October 27, 2023, in the ICC Kyoto.

This year's fair will be presented with the curatorial theme, titled "Visions of a Torn World: Circulation and Coexistence", set by ACK's Program Director Yukako Yamashita. Stemming from the title of the English translation of *Hojoki*, one of Japan's three most famous literary works written about 800 years ago, "Visions of a Torn World" examines

survival and perseverance in a world emerging from division and hardships. Acting as a common thread through ACK's various programs, including ACK's Public Program, ACK Talks, and ACK Kids' Programs, the curatorial theme is reflected in both art and talks programs to provoke greater thought towards the future of today's society.

Yukako Yamashita, ACK's Program Director, said, "Through 'Visions of a Torn World: Circulation and Coexistence,' ACK will reflect on the times in which we now live and will develop through a wide array of artworks throughout the fair and in the rich cultural landscape of Kyoto. There is a Zen saying, 'No pine has two colors, old and new; The bamboo's knot marks up and down.' This phrase expresses potential for a society where equality and difference coexist. People's positions, ways of being, and ways of thinking are in flux, constantly changing and metamorphosing with the flow of the times. In a society and environment shaped in this way, it is important to understand the differences between us, to stop, think, and discuss, and to encourage a cycle that moves us in the right direction."

Public Program

ACK's Public Program will survey works selected by Guest Curator Greg Dvorak. Responding to the fair's curatorial theme "Visions of a Torn World: Circulation and Coexistence," the program theme "Beyond Glitch: Remapping Reality in a Broken World" examines recent crises of human and planetary health that urge society to embrace discomfort and perspectives which challenge the status quo. The Public Program will feature works by **Ishu Han, Ken + Julia Yonetani, Kaz Oshiro, Shota Yamauchi** and more.

Greg Dvorak, Guest Curator of the Public Program at ACK, said, "We live in increasingly glitchy times. Crises of human and planetary health in recent years have provoked a breakdown in the systems and structures we use to order our lives, revealing their inadequacy, inequality, and faulty logic. This moment of profound transformation urges us to embrace discomfort, catalyzing a critical examination of our interconnectedness and creative resistance against prevailing configurations of power, wealth, gender, and environment. By featuring artists whose works subvert the 'glitches' in our current reality, the 2023 ACK Public Program seeks to highlight diverse viewpoints that challenge the status quo."

ACK Talks further reinforces the strength of Kyoto's art and culture community through inclusion of key local and global players in the art world. Speakers and discussion topics will include a conversation on Kyoto as a cultural crossroads between architect and Kyoto City KYOCERA Museum of Art's Director **Jun Aoki**, artist **Izumi Kato**, and ACK's Program Director **Yukako Yamashita**; discussion of coexistence of tradition and innovation between artist **Theaster Gates**, Mori Art Museum's Director **Mami Kataoka**, and Hosoo's President and CEO as well as kimono weaver and curator **Masataka Hosoo**; comments on the mission of arts in the future by artist **Kour Pour** and Project for Empty Space's Founder and Co-Director **Jasmine Wahi**; and a conversation on the art ecosystem for the next generation between

sculptor **Kohei Nawa**, ACK's 2023 Public Program Guest Curator **Greg Dvorak**, and Delfina Foundation's Founding Director **Aaron Cesar**; among others. Simultaneous interpretation and online streaming of ACK Talks will be available.

Notes to Editors

About Art Collaboration Kyoto

Art Collaboration Kyoto is an art fair held in Kyoto with collaboration at its core. One of the leading art fairs in Japan specializing in contemporary art, Art Collaboration Kyoto presents unique collaborations forged between Japanese and international galleries; government and private sectors; and fine arts and other cultural spheres in Kyoto. Hosted in the Kyoto International Conference Center, the fair consists of two sections: “Gallery Collaborations”, which pairs a local Japanese gallery with its international peer in a shared booth; and “Kyoto Meetings”, which features artists with distinct connections to Kyoto. Beyond the fair, special exhibitions and public programs are held in Kyoto City.

Art Collaboration Kyoto is organized by the ACK Executive Committee, which includes the Kyoto Prefecture; Association for the Promotion of Contemporary Art in Japan; Contemporary Art Dealers Association Nippon; Culture Vision Japan Foundation Inc.; Kyoto Chamber of Commerce and Industry; and the Kyoto Convention and Visitors Bureau. The fair is presented with support from The Cabinet Office, Government of Japan in the fiscal 2023, the Japan Tourism Agency, Government of Japan in the fiscal 2022, and Agency for Cultural Affairs, Government of Japan in the fiscal 2023.

The fair is presented in cooperation with: Ministry of Foreign Affairs of Japan, Ministry of Economy, Trade and Industry, Japan Tourism Agency, Agency for Cultural Affairs, JETRO Kyoto, Kyoto City, The Japan Chamber of Commerce and Industry, Japan Association of Corporate Executives, Japan Association of New Economy, Kyoto Association of Corporate Executives, The Kyoto Shimbun, The Asahi Shimbun Kyoto General Bureau, The Mainichi Newspapers Kyoto Bureau, The Yomiuri Shimbun Kyoto Bureau, The Sankei Shimbun, Kyoto Broadcasting System Company Limited, U.S. Consulate General Osaka-Kobe, British Council, Consulate General of The Republic of Indonesia, Australian Consulate-General in Osaka, Korean Cultural Center Osaka, Embassy of Switzerland in Japan, Consulate General of the Federal Republic of Germany Osaka-Kobe, Embassy of Brazil, Ambassade de France / Institut français du Japon, Embassy of Mexico in Japan.

The fair will be held across the Event Hall and the New Hall within the ICC Kyoto. In the Event Hall, several booths are grouped together to create individual exhibitions and exchange spaces. Created to contrast the Event Hall, the New Hall will emerge as a large cohesive space. Both venues are interrelated, like the front and reverse of the same space, providing a place where people can encounter artworks in the absence of those layouts and design distinctive of traditional art fair formats. ACK's spatial design is created by Takashi Suo.

The fair is located at the Kyoto International Conference Center (Takaragaike, Sakyo-ku, Kyoto City) and others. For more information, please visit a-c-k.jp.
